

CONDITIONS & TREATMENTS

Condition/Problem

Recommended Treatment at the Clinic

1. Osteoarthritis/Degenerative Pain (Knee, Shoulder or Hip)

Steroids, Hyaluronic Acid Gel, Autologous Platelet Rich Plasma (PRP) Injections. (Image-Guided Procedures)

2. Chronic Spinal Mechanical & Radicular Pain disorders resulting from DDD / Facet Joints Arthropathies causing Neuroforaminal and Spinal Stenosis (Cervical, Thoracic, Lumbar)

Epidural Steroids Procedures,
Facet joints Procedures Steroids block & Radiofrequency Ablation (RFA), Platelet Rich Plasma (PRP) Injections. (Imaging-Guided)

3. Chronic Sacro-iliac joints Dysfunctional Pain

Nerve Blocks, Platelet Rich Plasma (PRP) Injections.
Radiofrequency Ablation (RFA). sacroiliac steroid injections. (Imaging-Guided)

4. Regional Myofascial Pain Syndromes including post MVA Whiplash and other injuries

Targeted Regional Peripheral nerve blocks and Trigger points injections with LA,/ Steroids, Botox, PRP injections (Image-Guided Procedures)

5. Migraine/Chronic Headaches

Head and Neck targeted specific Nerve Blocks. Botox (Onabotulinum Toxin) injections, requires approval by third party insurance or approved Section 8 application.

6. Chronic Neck Pain/Cervical Dystonia

Botox (Onabotulinum Toxin), Radiofrequency Ablation (RFA)-
(Image-Guided Procedures)

7. Tendon Injuries (e.g., Tennis Elbow)

High Intensity Ultrasound, Platelet Rich Plasma (PRP), Steroids
injections
(Image-Guided Procedures)

8. Plantar Fasciitis (Heel Pain)

Infiltration with LA/Steroids, Platelet Rich Plasma (PRP)
(Image-Guided Procedures)

9. Complex Regional Pain Syndrome (CRPS)

Ketamine/ Lidocaine infusions. Sympathetic Nerve/Ganglion
Blocks, Radiofrequency Ablation (RFA), Nerve Blocks
(Image-Guided Procedures)

10. Chronic Nerve Pain (Neuralgias) e.g. Ilio-Inguinal/Ilio-Hypogastric N., Pudendal N, Obturator N.

Nerve Blocks, Radiofrequency Ablation (RFA), Peripheral Nerve Stimulation

11. Chronic Muscle Spasms/Stiffness

Ketamine / Lidocaine Infusions,
Neuromuscular Electrical Stimulation.

12. Chronic Pelvic Pain disorders, e.g Endometriosis, Pelvic Floor Dysfunction, Post Laparoscopic Neuralgias

Desensitization Nerve blocks. Neuro RF Ablative procedures. Regenerative Pain Procedures (PRP).Sympathetic Ganglion Blocks-(Image-Guided Procedures)

13. Post-Surgical Pain

Periodic Nerve Blocks, Regenerative Pain Medicine.Scar tissue infiltraion - (Image-Guided Procedures)

14. Sports Injuries (Ligaments, Tendons, Muscles, Joints)

Platelet Rich Plasma (PRP), High Intensity Ultrasound Guided Procedures
